

**SORTS**: Status of resources and training systems (SORTS) not making goal by major reportable unit will be provided.

**Standard/Goal**: Weapons systems reported in SORTs have a 90% goal, while aviation assets have a goal of 80% for UH-60s and 75% for all others.

**R&A approach**: Monitor SORTs and impacts of SSF as indicator of materiel readiness (trying to specifically define SSF relationship with this metric).
